

**Maximize** student reading **growth**  
while building **teacher confidence**.

# Introduction

*Guided Readers* creates enthusiastic and independent readers while giving teachers the support and the tools needed for explicit and systematic instruction that ensures student success.

Your intervention to advanced level students will grow at least one to two reading levels beyond their year-end benchmarks.

**See Results**

Our structured approach to small-group instruction maximizes student reading growth and gives teachers the confidence to teach reading.

**Maximize Small Group  
Instruction Time**

*Guided Readers* allows teachers to easily bridge the gap between explicit & systematic phonics instruction and using leveled readers with rich vocabulary and text structures.

**Easily Adapt Instruction**

# How *Guided Readers* Works

*Guided Readers* is a complete Structured Literacy program that covers explicit and systematic phonics instruction, high-frequency words, comprehension, vocabulary, fluency, and guided writing. This differentiated program provides teachers with the support and tools needed for student success!

## Components

### Books and Text Passages

*Guided Readers* includes thousands of professionally leveled and culturally relevant decodable readers, leveled texts, and passages (print and digital) that incorporate social-emotional learning competencies, getting students excited about reading.

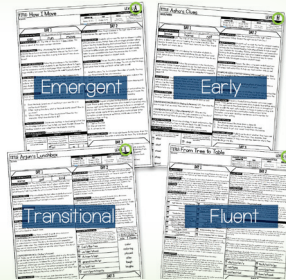

### Digital Interactive Reader

The engaging Digital Interactive Reader allows students to listen to books and passages, record themselves reading, and take quizzes, all of which is easily tracked in the student data tracking portal.

### Lessons and Activities

Methodically structured lessons and activities strategically aligned to each book or text and are backed by research, saving teachers valuable time preparing for instruction.

### Science of Reading Aligned

Structured Literacy with E.A.S.E. is our brand new curriculum that includes explicit and systematic phonics and reading instruction to ensure student reading success based on how the brain learns to read the Science of Reading research.

### Reporting Tools

Individual, class-wide, and milestone reports can be easily viewed and exported.

### Support Tools

Print and online resources for teachers, video tutorials, ongoing webinars, and a dedicated Facebook group for users are just a few ways the program provides additional support for teachers.

## Structured Literacy with E.A.S.E. A Science of Reading Phonics & Word Study Program

Structured Literacy with E.A.S.E. incorporates Explicit and Systematic Phonics and Reading instruction based on the Science of Reading research. The detailed scope and sequence allows teachers the ability to completely differentiate small group instruction based on students' individual needs. The program is highly focused on building students' orthographic lexicon through direct instruction of phoneme-grapheme mapping, that help build solid decoding skills and automaticity in reading, while ensuring a deep level of comprehension.
